Irridation

The product has not been irradiated and complies with the EU regulation 1999/3/EC.

BSE Statement

Organic Acai Berry Powder is produced exclusively from plant source, and does not contain any components from animal origin. It has not been derived from any animal source, and has not come into contact with any components of animal origin.

Residual Solvents

No residual solvents are used in the manufacturing process.

Level of undesirable substances

The strictly controlled production process of Organic Acai Berry Powder ensures that the undesirable substances levels (heavy metals, PAH, mycotoxins, etc.) are below the limits identified by EU legislation (Commission regulation No 2073/2005, No 1881/2006 and consecutive amendments), including the recommendations provided by EFSA on food contaminants.

GMO Free

Organic Acai Berry Powder is not subject to genetic modifications. Process controls are in place to ensure no accidental contamination with genetically modified materials, or materials derived thereafter, can occur. We hereby certify that Organic Acai Berry Powder is not subject to labeling under EU Regulations 1829/2003/EC and 1830/2003/ EC on genetically modified food and feed.
