

Product description

PP Lid for Food Container 300ml & 500ml

Article number 541251

Lid made of PP (Polypropylene) specially adapted for the food molds 541249 and 541250 from the popular Hot & Cold series. The material can withstand both heat and cold and can be used in the microwave.

Product features - Bamboo molds are ordered separately, see optional items - Microwave safe - Can withstand both heat and cold Product specifications Material: PP plastic Volume: 850 ml Color: Transparent PP PP (Polypropylene) is a lightweight thermoplastic polymer with high resistance to chemical stress. PP has a high resistance to fatigue, which means it can be bent and folded multiple times without breaking.
