Product Specification
Scampi tails frozen - 800 g LÆSØ

The sea around Læsø is today known as a very large area for scampi fishing. Læsø scampi are caught by small local boats, which land day-to-day scampi to Læsø. These special conditions ensure that the Læsø scampi are always completely fresh and delicious. The scampi are graded shortly after landing and quick frozen to maintain the high quality.

Servings suggestions:
The scampi tails must be prepared before consumption. Please visit www.laeso-fish.dk for serving suggestions.
